

Foundation Stage

This is some of the key vocabulary that we will be sharing with your child this term. Please help your child to understand and familiarise themselves with these words and definitions. Thank you for your continued support.

Science

Spring - the season after Winter and before Summer when plants start to grow and baby animals are born

Grow - when something, like a living plant or animal, gets bigger and changes size over time

Bake - to cook something by heating it (in the oven)

Float - stay on the surface of a liquid, such as water

Sink - fall to the bottom of a liquid

Liquid - can take the shape of any container and flows freely like water, juice and milk

Traditional Tales

River - a stream of water flowing from one area to the sea

Bridge - a structure going across a river or road from one side to the other

Meadow - a field with grass, herbs and flowers

Porridge - oats boiled in water or milk

Gingerbread - a biscuit or cake made with ginger

Wood - an area of land covered with trees

Cottage - a small house, usually in the countryside
