

Monday 9th February 2026

Dear parents and carers,

At Boston West we believe in bringing learning to life and giving children memorable learning experiences. In the summer term we will be learning about the life cycle of a chick and we are hoping to have a special delivery of 20 eggs for the children to look after. They will be able to watch them in an incubator, see them hatch and then care for them. They will even have the opportunity to hold a chick too. We are hoping with your help we can raise the **£413** to give the children in Foundation Stage this memory that they will cherish for a long time.

To help raise the money we will be having a '**Chick Day**' on **Wednesday 25th February**. The children in **Foundation Stage** will have a non-uniform day and come into school **wearing something yellow**. Your child could for example wear **yellow socks, a hat, have an item of clothing with some yellow on or go completely yellow!** We will also be participating in a Foundation Stage sponsored obstacle course where they will have the challenge of navigating around many obstacles whilst balancing a bean bag on their head. Please keep an eye out for pictures of the event and the results!

Your child will be bringing home a sponsor form with them; this will then be donated towards the cost for the chicks. **Please return the form by the Friday 27th February** to either your child's class teacher or the office and you will receive a MCAS payment request.

The Happy Chick Company are an ethical company and are happy to rehome the chicks, however if a suitable family feel that they could rehome any chicks please speak to your child's class teacher.

Thank you for your continued support.

Yours sincerely,

Mrs Stanton Mrs North Miss Overton
